

Q&A with Alexandra Ivy

How did the Guardians of Eternity series come about?

It started out of my love for Buffy the Vampire Slayer! I was fascinated with the combination of horror, humor, and romance. It's what I've tried to capture in my books.

Do you have a favorite scene from Darkness Eternal?

When Kata faces her evil sister. Although it's always fun to have yummy heroes, I like my females to be kick-ass.

How do you relax?

Reading in a hot bubble bath...heaven.

What would you say has been the funniest encounter with a fan?

I was at a conference and we were all on the dance floor having a good time. I turned around and one of the nearby dancers read my name tag and started screaming. The poor DJ turned off the music thinking something terrible had happened.

Last what is next for you?

The next book in the Guardians of Eternity series will release the end of May. I'm super excited to share Cyn's story!!
